DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Specification

2. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The following title is suggested: Evaporable Getter Device with Metallic Nets .

Claim Objections

3. Claims 1-9 are objected to because of the following informalities: Regarding claims 1 and 6-8, the reference numbers are separated using a mixture of commas and semicolons. It is suggested that either one or the other punctuation mark be used consistently. Appropriate correction is required.

Due to their dependency, claims 2-5 and 9 are necessarily included in this objection.

Allowable Subject Matter

4. Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest an evaporable getter device comprised of, in part, two metallic nets having different wire diameters and apertures, the nets being superimposed and inserted in the container over the powders, along with the other limitations of the claims.

Due to their dependency, claims 2-9 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 5,191,980 and US 5,544,490 disclose the state of the art for getter devices with nets.

This application is in condition for allowance except for the following formal matters:

Please refer to the above Action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
